## Quotation

| Item | Picture   | Specifications  | Price (USD) |          |          |
|------|---|---|-------------|----------|----------|
|      |   |   | 1-50        | 50-100   | 100+     |
| V5   |  | <p>The MINI DVR is the smallest mp4 recorder available on the market. Small enough to fit inside a packet of cigarettes. This extra small device packs a punch when it comes to functions and usability. It has a small built-in screen to preview your videos and to position your helmet camera before recording begins. Takes standard SD memory cards. With no moving parts, you won't have any skipping or file corruption no matter how high an impact your sport can throw at it.</p> <p>This recorder will work with all of our helmet cameras but for the best quality, we recommend the SuperHAD helmet camera or even better</p> <p>Key Features:</p> <p><b>Solid State:</b><br/>Ideal for use on a motorcycle or in any harsh environment. Perfectly fine to mount this under the seat as it cannot be affected by vibration.</p> <p><b>High Resolution:</b><br/>Can record 640 x 480 high picture quality on to SD memory cards from 1 to 4gb for up to 300 minutes of real-time recording.</p> <p><b>Power to camera supply:</b><br/>Can power 12v bullet camera, hidden camera, spy camera, button camera.</p> <p><b>High Capacity internal battery:</b><br/>Using an 1100mAh Li-Ion 3.6v standard cell-phone rechargeable battery that can be replaced for longer recording times.</p> <p><b>Smallest in the world:</b><br/>Small enough to fit inside a cigarette packet.</p> <p><b>Surveillance Camera:</b><br/>Available with a range of covert hidden cameras with built-in mics. One cable from MINI DVR to hidden camera so no extra power supply is required.<br/>We recommend filming at medium quality setting to get 25fps at 640x480 resolution.</p> | \$140.00    | \$135.00 | \$132.00 |
